Managerial Excellence Core Training

We kick off this exciting developmental journey with three half-day modules designed to amplify self-awareness, communication, and leadership effectiveness.

Monthly Webinars

To ensure the training sticks and to deepen and develop additional skills, we deliver 30-minute webinars live every month at multiple times to fit your managers' busy schedules.

Companion Videos for Managers to Train Staff

In addition to access to recorded versions of our monthly live manager webinars, we provide a short, recorded webinar for managers to train their staff. Our Facilitation Guide and Team Member Guide make it easy for the manager to bring the training and development to the entire team.
